STALLION Xhogun Middelsom KNN174 BREEDING FEE per dose

1st dose \$550. __

2nd dose (same mare) \$350.00

MARE _____

AGE _____ COLOR _____ BREED _____

ID# _____

This contract must be completed before this mare will be bred. Purchase of the breeding with frozen semen, must be completed prior to semen being released. All fees associated with transport of semen and breeding costs of the mare are the responsibility of the mare owner.

Tank rental and tank return costs are to be arranged between the semen facility and the mare owner.

BREEDING WITH FROZEN SEMEN: The mare owner agrees to purchase a breeding for the above mare to the stallion listed above which will include up to 2 doses of frozen semen. The mare owner understands that there is not a live foal guarantee but all efforts will made to achieve conception. It is highly recommended that only mares who are reproductively normal be used for breeding with frozen semen.
